MAKE AI WRITING SOUND HUMAN

AI writing often
~~lacks nuance~~ and
~~can sound robotic.~~

*feels flat
and unnatural.*

It ~~uses predictable~~
~~patterns~~ that readers
easily ~~notice.~~

*follow the same formula
every time.*

The ~~result is~~ content
that ~~doesn't connect.~~

*hard to connect
with your audience.*

/humanizer

Skill: humanizer

02 / 05

ARCHITECTURE DIAGRAMS IN ONE PROMPT

Skill: architecture-diagram-creator

03 / 05

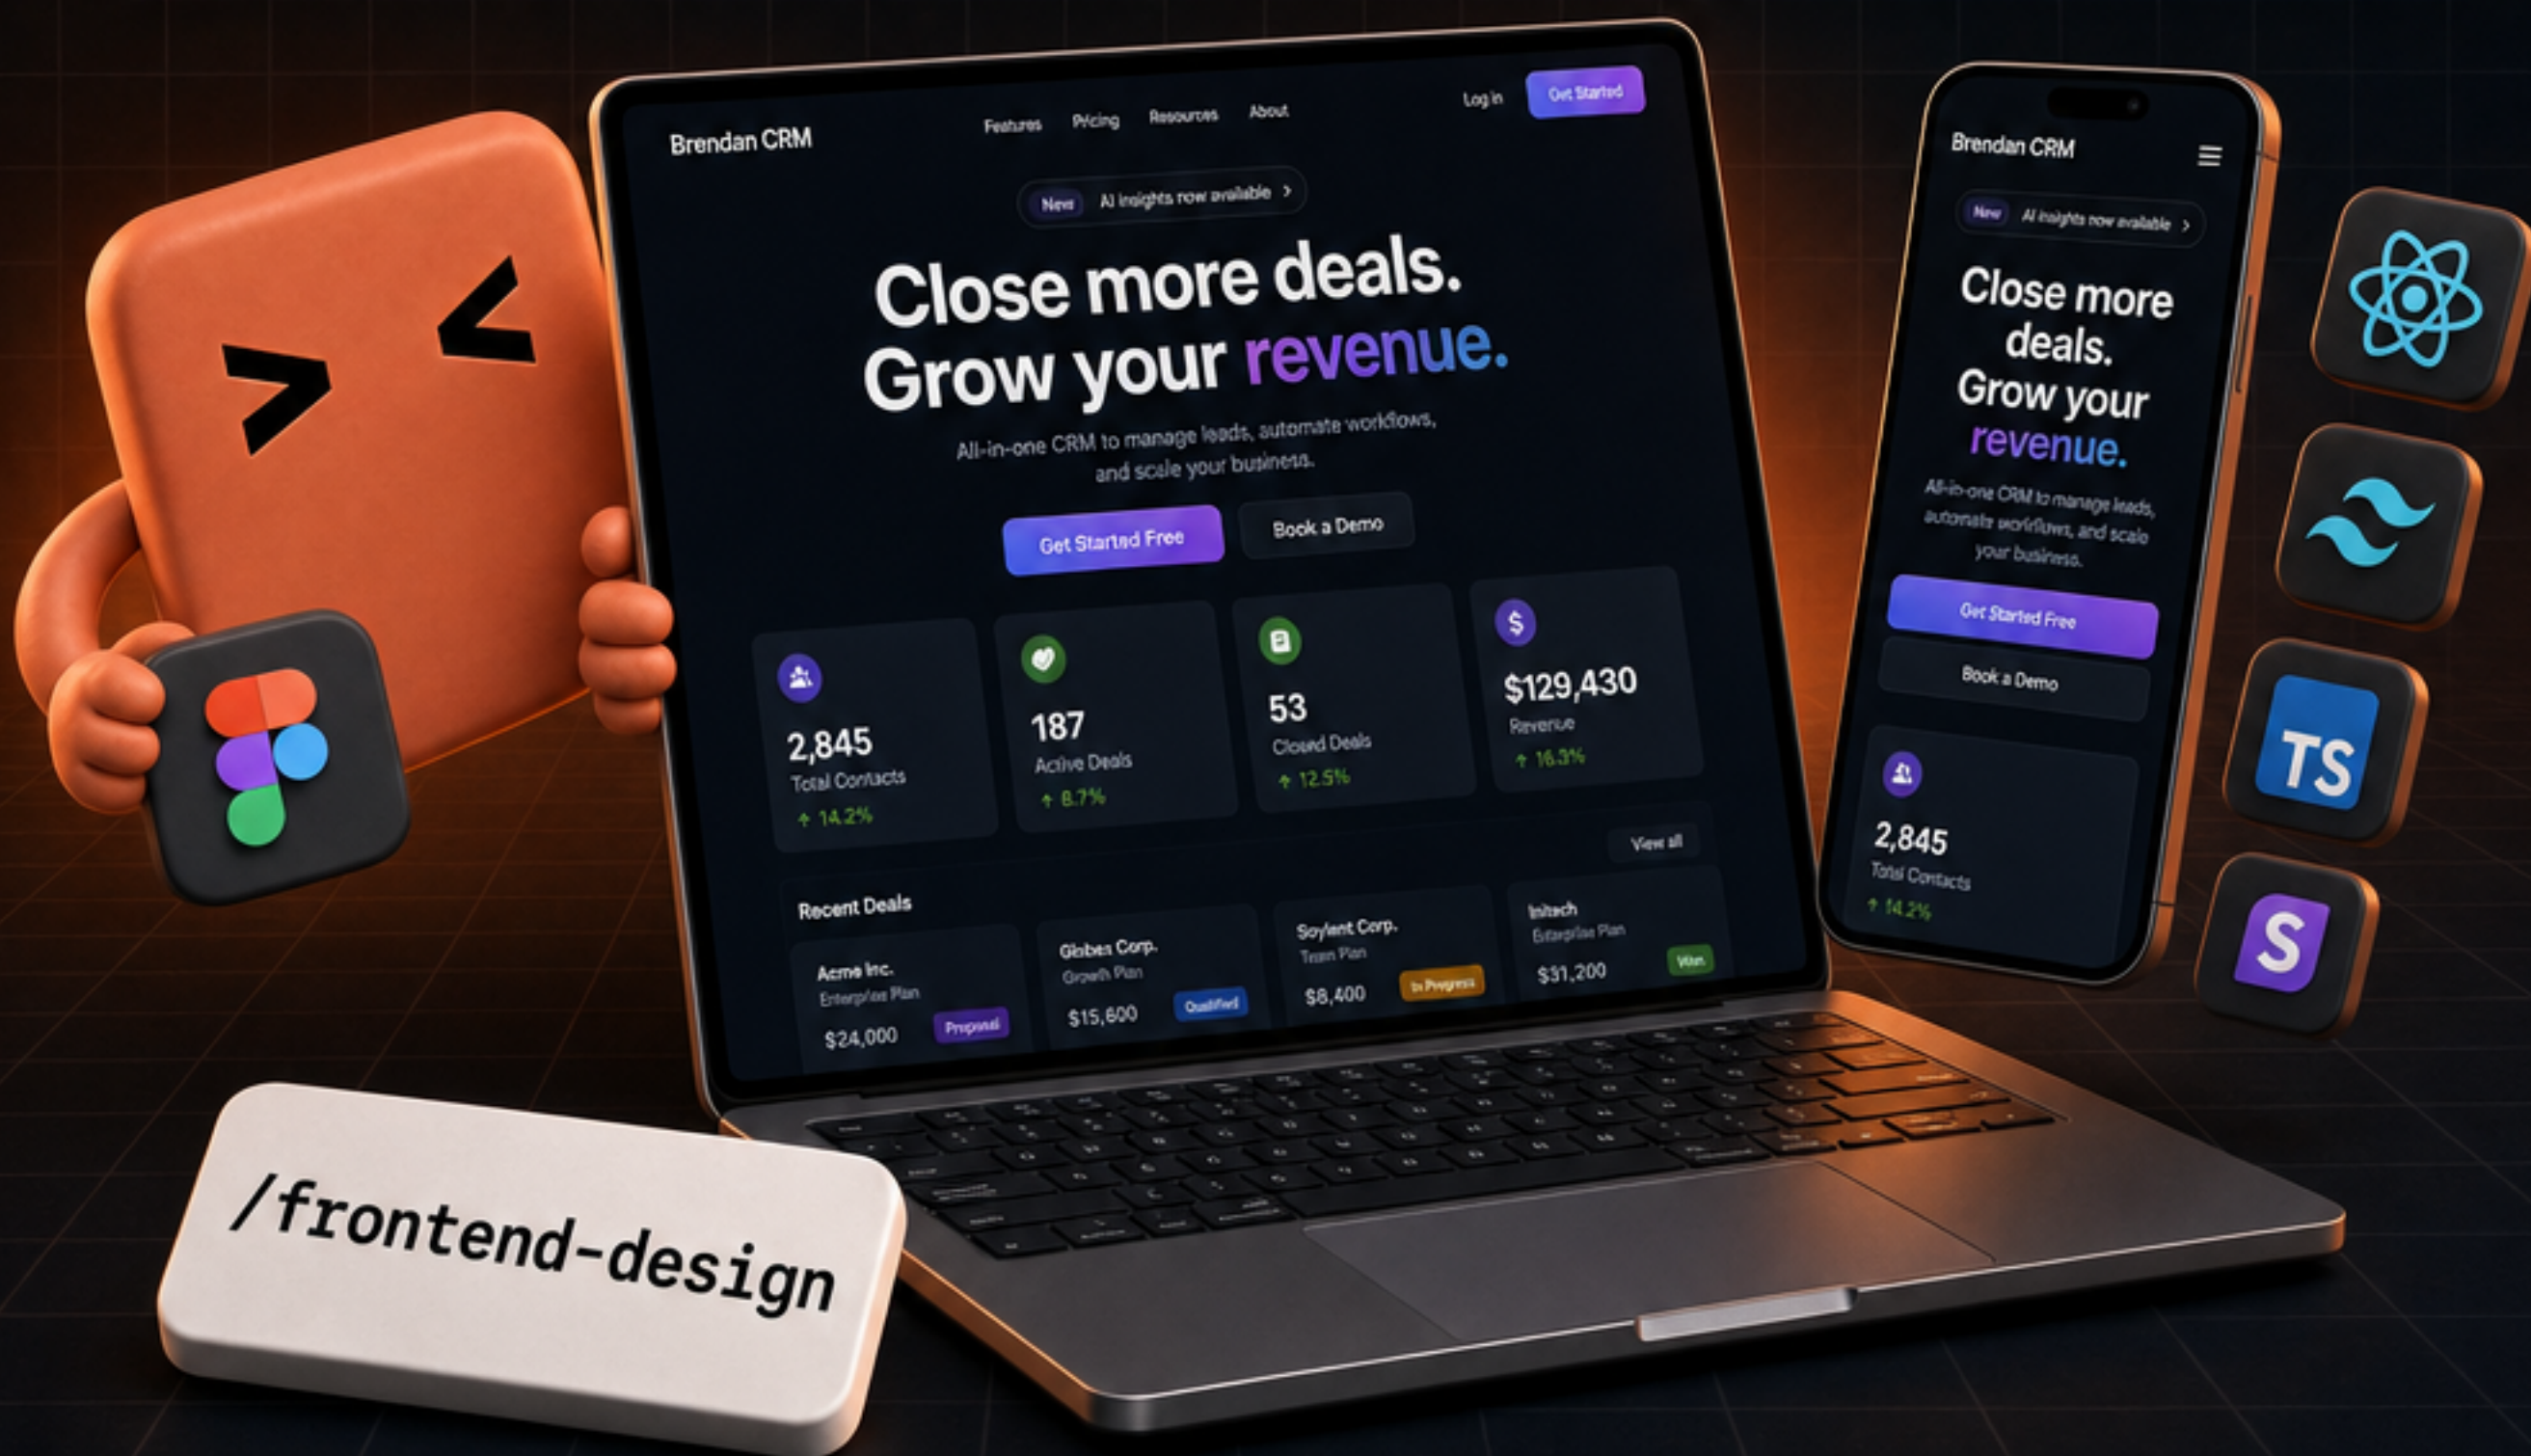

MAKE VIDEOS WITH CODE

Skill: Remotion video-as-code
